## Improving your home's complete indoor comfort system should not be an afterthought.

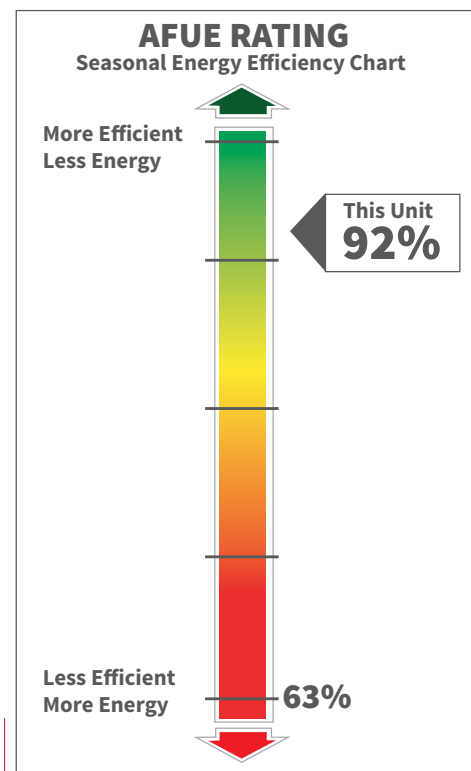

Whether it's time to replace a component in an existing central HVAC system or to install a totally new system, Amana® brand products can provide dependable comfort and efficiency for your family — for every season.

### *Clean Comfort™ indoor air essentials*

Indoor comfort in your home is about more than just adjusting the temperature on the thermostat. In fact, a central heating and cooling system offers just the basics with regard to enhanced comfort for you and your family. Indoor air quality products and systems quite frequently are treated as accessories. We define them as indoor air essentials:

- Filtration
- Purification
- Ventilation
- Humidity Control

**CLEAN COMFORT™**  
INDOOR AIR ESSENTIALS

### *Additional information*

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

# SINGLE-STAGE MULTI-SPEED GAS FURNACE

ACSS92 | UP TO 92% AFUE

Features to be proud of:

## Quiet Comfort

Many homeowners think the best gas furnaces are not seen or heard. That's why an Amana brand ACSS92 Multi-Speed Furnace is insulated for noise reduction. With a sound-isolated blower assembly and a heavy-gauge steel cabinet, it offers quiet and efficient performance as compared to a natural draft furnace.

## Energy Efficiency

Energy efficiency equates to cost savings. A gas furnace's efficiency rating can primarily be determined by two factors: its AFUE rating (Annual Fuel Utilization Efficiency), which indicates what percentage of each dollar of natural gas purchased is actually used to heat your home; and the type of blower used in the furnace.

This Amana brand Single-Stage, Multi-Speed Furnace offers 92% AFUE, as opposed to lower ratings of less efficient gas furnaces. Its multi-speed blower can improve its efficiency rating and enable the furnace to maintain consistent warmth in low-heat capacity mode without inefficient high-heat surges associated with natural draft furnaces.

## Choose an Amana® brand gas furnace and you won't get cold feet

Often you have no choice but to replace your old, worn-out furnace; however, you can choose to go with a name you know, like the Amana brand, one of the America's most trusted and enduring consumer brands. Yet, peace of mind isn't all that you'll enjoy with an Amana brand ACVC92 Single-Stage, Multi-Speed Furnace.

### *Component upgrade offers better performance in exchange*

The new stainless-steel, tubular primary heat exchanger now featured in Amana brand gas furnaces is a worthy replacement for our esteemed Million-Air® heat exchanger. Perhaps the most essential component in a gas furnace's performance, this re-engineered heat exchanger employs wrinkle-bend technology to deliver extraordinary durability and long-term reliability.

### *Get straight A's in cost effectiveness*

When you receive an AFUE rating of 90% or more, your gas furnace is performing at the top of its class. Simply put, the Amana brand ACSS92's 92% AFUE rating means 92¢ of every dollar you spend on energy is actually used to heat your home. That's very little wasted energy when compared with lower-rated or older, increasingly inefficient heating systems.

### *The security of the Amana brand's amazing warranties*

To truly seal the deal, Amana brand gas furnaces are backed by industry-leading limited warranties\*. This gas furnace is backed by a Lifetime Heat Exchanger Limited Warranty\*, while all Amana brand products feature a 10-Year Parts Limited Warranty\*. Together these warranties combine to offer you a level of purchase protection that's the stuff of legend.

### LIMITED WARRANTY\* PROTECTION

\* Complete warranty details available from your local dealer or at [www.amana-hac.com](http://www.amana-hac.com). To receive the Lifetime Heat Exchanger Limited Warranty (good for as long as you own your home) and 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

## The Amana® brand ACSS92 High-Efficiency Gas Furnace advantages:

- ✓ **Control board** – Stores last diagnostic codes in memory and indicates condition through a flashing LED for quick troubleshooting.
- ✓ **Durable heat exchanger** – Unique tubular stainless-steel construction formed using wrinkle-bend technology results in an extremely durable heat exchanger. Paired with a stainless-steel secondary heat exchanger, this combination provides reliability, durability and efficiency.
- ✓ **Multi-speed motor** – Automatically adjusts airflow to match comfort needs, reduces energy consumption and system noise as compared to a single stage motor.
- ✓ **High efficiency** – Reduces energy needed to deliver outstanding comfort and efficiency as compared to a lower AFUE furnace.
- ✓ **Continuous air circulation** – Provides added filtration and keeps air moving throughout your home to help maintain comfort.
